

Job Description

Quality Assurance / Process Assurance Engineer (Aerospace) (f/m/d)

An exciting opportunity has arisen for an Aerospace Quality Assurance / Process Assurance Engineer (f/m/d) to join Delta System Solutions GmbH in Munich.

Innovation Never Stops

Delta System Solutions GmbH is an independent system, safety and reliability engineering consultancy in aerospace, railway and maritime industries. We are supporting our customers to develop safe, reliable and sustainable electrical and hybrid-powered flight.

Would you like to participate in the improvement of e-VTOL and e-aviation safety and develop your skills within a dynamic and growing company?

We are seeking an Aerospace Quality Assurance / Process Assurance Engineer who acts with integrity to ensure the compliance of safety critical products to join our team as we shape the future of sustainable aviation.

Key Accountabilities

- Conduct Process Assurance activities for the system development activities according to ARP4754
- Conduct Process Assurance activities for the software development activities according to DO-178
- Conduct Process Assurance activities for the electronic hardware development activities according to DO-254
- Lead Quality audits
- Define, maintain and update the Quality Assurance Plans
- Define and perform quality activities in accordance with the Plans in order to comply with the objectives
- Monitor the quality of activities of subcontractors involved in the development
- Integration of Quality Assurance and Process Assurance activities into the application lifecycle management environment

Qualifications and Experience

- University degree in software or electronic engineering or an equivalent technical university degree
- Sound knowledge in aerospace software and complex electronic hardware development processes using ARP4754, DO-254, DO-178
- 3 to 5 years Aerospace experience in the field of critical electronic systems design or as a Product Quality Assurance Engineer
- Good written and verbal communication skills in English (German skills would be a further advantage)

We offer excellent development opportunities, a competitive salary and attractive benefits.

So that you can be your best at work and home, we offer flexible working arrangements for everyone, in any role.

Closing date: 30th September 2022
